DF_FP_001	Major	Medium	Backend	Location	Site settings	**Description:** To Check whether digilocker website allows "Location **Action:** 1. Open the Digilocker website "https://www.digilocker.gov.in/" 2. Login to Digilocker using valid credentials	Uploaded the "Article" title should be similar to title of article while adding it. eg. Title while uploading : Quality Engineering Title after uploaded : Quality Engineering	Title of uploaded "article" is not similar to Title name given while adding an article. eg. Title while uploading :Quality Engineer Title after uploading : Quality Engineer-4	Open	sheetalc818@gmail.com	Sheetal	Reopen	30/0102021	1/2/2021	1/2/2021	done		
DF_WB_002	Blocker	High	Backend	Webinar	Registration	**Description:** To check whether "Registration" Functionality is working fine or not **Actions:** 1. Open and Launch the browser 2. Enter the Link https://bldev.bridgelabz.com/webinar 3. Enter the **valid** user data 4. Click on to "Enter Room" button	If user should have added valid data for the registration and by clicking on "Enter room" button user should have successfully redirected onto the webinar screen	Even though I have added valid data while doing registration and clicked on to "Enter Room" button, user is getting Error message as "Register Failed Due to No message available"	Fixed	sheetalc818@gmail.com	Sheetal	Reopen		2/15/2023	1/2/2021	4/5/2023	done	https://drive.google.com/file/d/13WymBFCrPLA523HMtzNjJhmgUKJUoWQf/view?usp=share_link
